

**What, exactly, is the GamerBUS?**

The GamerBUS is a 37 foot customized RV. It's equipped with 16 system-linked video gamer stations, each of which has its own XBox 360 and 23 inch HiDef widescreen TV. The GamerBUS is essentially a mobile Local Area Network.

**System-link? LAN? What are they?**

System links connect the XBoxes to create a Local Area Network (LAN). The LAN connection allows the XBoxes to communicate with each other, which means that up to 16 gamers can play on the network **against each other**. Play your friends in teams or in a free-for-all; settle some scores and find out who truly dominates!

**Can you really system-link 16 XBoxes?**

Yep. While the number of connections varies by title, most games allow for up to 16 system-links.

**How do the parties work?**

It's simple. Book a party and we bring the GamerBUS to you. The GamerBUS is totally self-contained ...electricity, air conditioning, and heat.... We don't need to plug in; all we need is a place to park. We run and monitor the games. You play for your allotted amount of time, and then we roll out.

**What games are available?**

Amped 2, Blazing Angels, Blur, Call of Duty 2, Call of Duty: World at War, Call of Duty 4 (Modern Warfare), Call of Duty (Modern Warfare 2), Call of Duty (Black Ops), Championship Paintball 2009, Counter Strike, Flat Out, Forza Motorsport, Gears of War, Gears of War 2, Gears of War 3, Halo2, Halo3-ODST, Halo Reach, MX vs. ATV Untamed, Monster Madness, MotoGP '06, Rainbow Six Vegas 2, Red Faction (Guerrilla), Star Wars Battlefront II.

**How much?**
